Property Maintenance

Quality Sweeping. Reliable Service.

Professional choice for keeping your site clean, safe, and looking its best.

The appearance of your facility reflects on your company's image. Your customers and employees expect and deserve a clean, attractive, and safe environment. DSS provides lot sweeping, construction sweeping, power washing and property maintenance services that maintain your site and improve the look of your premises.

Our Service Commitment

QUALITY

- We do it right the first time.
- We ensure high quality service, while maintaining low costs.
- We inspect our work to ensure we perform to our customer's expectations.
- We report issues at your property as we see them.

RELIABILITY

- We maintain a full range of equipment to avoid delays due to equipment breakdowns.
- We honor your schedules. No excuses.
- We utilize real time GPS trackers to monitor our drivers.

ACCOUNTABILITY

- We employ a staff of uniformed professionals who pride themselves on accountability.
- Our invoices are accurate and easy to read to avoid confusion and unnecessary follow up calls.
- We address your concerns promptly.

INTEGRITY

- We comply with all established safety standards.
- We use a complete routing and billing software system customized specifically for DSS.
- We only bill for services performed.
- We work with you to meet your budget.

We care a "lot" so you don't have to.

Parking Lot Sweeping

DSS has a fleet of modern, well-maintained air sweepers of different types - some for trash and small debris and others that can pick up bricks. By matching the equipment to the job, we cost effectively meet each customer's specific needs.

We quickly vacuum litter, dirt, glass, cans, and bottles from paved lots for a safe, clean parking area. We clean curb lines with a truck-mounted curb broom and we properly dispose of litter and debris. Power blowers clean sidewalks, loading docks, and other areas that can be challenging to access and to keep clean. We also empty your trash receptacles, replace liners, and clean your landscaped areas. On an as-needed basis, we also provide removal of large items (i.e. couches, mattresses, etc.) left on your property. The complete DSS service package will give you a **lot** to be proud of.

Construction Site/Broom Sweeping

A clean business site contributes to the safety of your workplace and helps ensure compliance with environmental regulations. With a fleet of over 25 power sweeping trucks, we match the equipment to your sweeping requirements. Construction cleanups, municipal and private street sweeping and pavement reclamation are only a few of the applications DSS broom sweepers tackle everyday. Call for a quote today on your next construction project!

Commercial Power Washing

Many property owners and managers are responsible for maintaining the attractiveness of their properties. This requires regular power washing of sidewalks, storefronts, canopies, and facades. The trained operators on the DSS team remove accumulated dirt, oil, gum, soda, and cigarette stains using the appropriate levels of hot water, pressure, and detergents as necessary. We can make your property shine!

Quality Sweeping. Reliable Service.

"The center looks better than I've ever seen it look. Thank you guys for doing such a spectacular job!"

— Julie
Midland Atlantic Properties

"All three locations were inspected by the out of state owners and passed with flying colors. We appreciate your company's dedication to maintaining a great exterior at these locations."
